PROFESSIONAL SUMMARY

Detail-oriented and driven Software Developer who is currently pursuing a Diploma in Information Technology from Vaal University of Technology (2026). Capable of building full stack web and mobile applications, with relevant experience using Java, Python, HTML/CSS, and JavaScript programming languages. Holder of the Full Stack Development Certification from the FNB App Academy and recognized for participation in the IBM Z Datathon 2024. Committed to creating clean and scalable technology solutions with specific focus on the South African market.

EDUCATION

Diploma in Information Technology

Vaal University of Technology | February 2024 – November 2026 (Expected)

TECHNICAL SKILLS

Languages: Java · Python · JavaScript · HTML5 · CSS3 · SQL

Frameworks & Libraries: Spring Boot (intro) · React (intro) · Bootstrap

Backend & APIs: RESTful API design · Backend Development (FNB Academy certified)

Databases: SQL · Data Management & Analysis

Version Control: Git · GitHub (github.com/ANGEL-MAVUYANGWA)

Development Practices: SDLC · UX Design Principles · Agile Fundamentals · Business Analysis

Tools & Platforms: VS Code · IntelliJ IDEA · GitHub Collaboration

Soft Skills: Analytical Thinking · Problem-Solving · Communication · Teamwork · Initiative

PROJECTS

Fit Metric Application: *Java · OOP · Data Structures*

- Designed and built a fitness tracking application in Java, implementing object-oriented principles including encapsulation, inheritance, and polymorphism.
- Applied custom data structures to manage user workout records and metric calculations efficiently.
- Demonstrates strong foundational Java skills and structured problem-solving approach.

Banking System: *Java · OOP · File I/O*

- Built a console-based banking system in Java supporting account creation, deposits, withdrawals, balance enquiry, and transaction history.
- Applied exception handling, input validation, and data persistence via file I/O.
- Demonstrates practical understanding of real-world business logic implementation.

CERTIFICATIONS AND ACHIEVEMENTS

- IBM Z Datathon 2024 Participant — recognised for contribution to a global Datathon event hosted by IBM and Shooting Stars Foundation (Certificate ID: 2024H2S10IBM-P00197).
- FNB App Academy Graduate — completed a competitive, industry-led 32-credit Full Stack Development programme in 2025, covering the full app development lifecycle.
- Consistent academic distinction performer multiple Pass with Distinction results across two years of study at VUT.
